

EPCOR WATER CONSOLIDATION

- 2018 -

A new year begins. With it, ANOTHER EPCOR RATE CASE

EPCOR has applied to the Arizona Corporation Commission for yet another price increase, plus, THEY WANT to consolidate their current eleven water districts. What this consolidation means to the Sun City District Ratepayers is:

- A Rate Increase from \$20.95 to \$44.95 (non-consolidation rate - \$30.14).
- Each SC District Ratepayer would pay a monthly **subsidy** to all districts except Sun City West and Mohave of - \$14.81; almost \$200.00/ year; approximately
- **\$5 MILLION** per year. **Obscene.**

EPCOR will be presenting a five-year phase-in. They are proposing a marketing scheme that provides rates lower than the final \$44.95 for three years; then in year four and five the rate will finally hit \$44.95. **Don't be fooled, year four wipes out the savings in year one through three.** Year five forward presents the final insult.

So, what CAN YOU?

- Write to the Commission letting them know you are against “forced consolidation.”
